## The Conservation Pledge

*I pledge to protect and preserve the natural resources of the planet Earth, and promise to promote education so we may become caretakers of our air, water, land, forest, and wildlife.*

## Do Yourself A Favor

One of the best investments in yourself is to view these must-see documentaries and DVDs. Find out why the unlabelled *Genetically Modified Organisms* (GMOs) in your grocery store food are a biosafety issue of global prime concern.

### Feeding the Millions Myth

Those in favor of *Genetically Modified Organisms* in food point to feeding it to millions around the world under the auspices of *Over Population*. But there are bioethical concerns about depopulation experimentation without the informed consent of consumers. "*Thou shalt not kill*" is a belief that many world citizens still adhere to.

Since studies show that GMO crops do *not* increase yields, and do not solve world hunger, and all they do is massively increase the use of *toxic* chemicals. One of every two of the American people are expected to get cancer. Grandmothers, and others, your grandchildren are being chemically conquered. The GMO experimentation was unleashed upon the environment and upon human health during Agenda 21. The *Future World* will be enslaved to bio-fortified coercion if the USA government continues to allow the bio-bullies to threaten "*dire consequences*" to **Independent Scientific Investigation**.

**The UNITED NATIONS (UN) researched the GMO claim of feeding the world's hungry. GMOs take away from more appropriate technologies to feed the world and leave behind irreversible gene pollution.**

### The Real Price You Pay for GMOs

Industry claims it would cost them too much in lost sales if USA citizens demand GMO labeling. But it is time to dispel the myths and misconceptions of bio-tyranny! **Former pro-GMO scientist, Dr. Thierry Vrain has blown the whistle that bio-engineered food is depleted of essential nutrients. Mineral Bio-Unavailability because of Glyphosate is an integral part of the GMO technology.**

### Population Control

*"Gradually, by selective breeding, the congenital differences between rulers and ruled will increase until they become almost different species. A revolt of the plebs would become as unthinkable as an organized insurrection of sheep against the practice of eating mutton."*

--Bertrand Russell, THE IMPACT OF SCIENCE ON SOCIETY

John D. Rockefeller III established **THE POPULATION COUNCIL** in 1952 and by December 3, 2003, the ROCKEFELLER UNIVERSITY's website homepage quoted Joel E. Cohen, professor and head of the *Laboratory of Population* at both COLUMBIA and ROCKEFELLER Universities.

Rockefeller's role in Population Control goes back to the German chemists who worked out a plan adopted by the *German General Staff* in the 1930's. *The Rockefellers* funded "*racial hygiene research*" at THE KAISER WILHEIM INSTITUTE for Psychiatry in *Munich*, and THE KAISER WILHEIM INSTITUTE for Anthropology, **Eugenics**, and **Human Heredity** in *Berlin*. **The Fascist plan was to control population through mass medication of drinking water supplies.**

The government would control the mentality of schooled children. *Fitche* taught that education should aim at destroying free will by slowly poisoning and narcotizing a small area of brain tissue that is responsible for the power to resist authority. By making people submissive to the will of those who wish to govern them, there is no resistance to loss of freedoms. “*Hygiene research*” for population control would include producing sterility by medicating food and water supplies, so that insemination is artificial, breeding is scientific, and humans are cloned. This “health” would be achieved by combining diets, injections from a very early age to produce a populace incapable of any serious criticism of authorities.

In 1938 the Jewish German *chemists* and *nuclear physicists* fleeing Hitler were welcomed to America by **John D. Rockefeller at the NATIONAL INSTITUTES OF HEALTH (NIH)**, in *Bethesda*. It was called the *The Paperclip Project*.

All research is controlled by the Rockefeller’s *Drug Trust* monies and bio-cronyism. **Nelson A. Rockefeller reorganized THE HEALTH DEPARTMENT to meet the secrecy requirements of the BIOLOGICAL, CHEMICAL, AND NUCLEAR weapons program which required substantial testing on citizens in CANADA and the USA.**

#### Secrecy Requirements for Testing on Citizens

*Rockefeller* monies funded THE STATION FOR EXPERIMENTAL EVOLUTION and THE EUGENICS RECORDS OFFICE. In the 1970’s it was re-named COLD SPRING HARBOUR LABORATORIES for **bioinformatics, eugenics, neurobiology, plant genetics, and genomics research**. From 1969 to 1994 the Director of COLD SPRING HARBOUR LAB was *James Watson*. *Watson* discovered DNA, and his lab researchers mapped the human genome on behalf of *The Human Genome Project*.

#### Rockefeller’s Drug Trust Monies

Do you want to know who received Rockefeller’s *Drug Trust* monies. CORNELL University got \$1,709,072, HARVARD got \$8,764,433, JOHNS HOPKINS got \$10,418,531, New York’s COLUMBIA University got \$5,424,371, WASHINGTON University in *St. Louis* got \$2,842,132, YALE got \$7,927,800 and etc.

What that means is that the *Rockefellers* and their alumni, along with billions in funding from *Carnegie, Ford, Kellogg, Sloan-Kettering* and other foundations purchased pharmaceutical power over U.S. citizens.

September 22, 2014

Page 4

Funders of these “*Public health*” projects are **The Ford Foundation**, the **Bill and Melinda Gates Foundation**, the **Rockefeller Foundation**, and **Ted Turner**, the **United Nations Population Fund (UNFPA)**, the **U.S. Agency for International Development (USAID)**, the multi-billion dollar **British and Dutch Royalty**, and **The Club of Rome**. They could all afford to label GMOs but they don’t want you to know.

Is it possible that the “*Public Health*” was even funded by the PENTAGON’s black budget. One can feel startled to learn that the *Inspector General* of the DEPARTMENT OF DEFENSE discovered the PENTAGON couldn’t account for \$2.3 trillion in untraceable bookkeeping entries for the fiscal year 1999, and \$1.1 trillion untraceable for the fiscal year 2000.

When academic affiliations lack unbiased oversight, it’s easy for governments to be used as the enforcement arm of the cartel’s propaganda, at the expense of public interest. The FOOD AND DRUG ADMINISTRATION (FDA) deems it effective, legal, and safe for scientists to have financial ties to the companies with vested interests.

A tiny cabal in control of the world has policy papers showing they are committed to planetary depopulation of three billion people by 2050. The WORLD TRADE ORGANIZATION (WTO) controls all Industries, and the push for more GMO consumption has been global and relentless. WHO wants harmonization rules to include AMERICA.

GMO crops are classified as biological pesticides, not as plants. That should tell you something. It is unscrupulous “*Marketing strategy*” for a product that is inherently unhealthy to make a health claim. The FDA administers regulations controlling health treatments. It is common knowledge that most pharmaceuticals do not cure diseases and they do have side effects that can injure and kill. The FDA denies U.S. citizens free will by denying effective alternatives.

### Big Pharma Charged with Genocide

On June 14, 2003, *Dr. Matthias Rath* filed a complaint against the Pharmaceutical Industry at the INTERNATIONAL CRIMINAL COURT in *the Hague*. As Director of the *Cardiovascular Research* at the LINUS PAULING INSTITUTE in *Palo Alto, CALIFORNIA*, *Dr. Rath’s* nutritional medicine expertise is well-known. He cited “*Genocide and other crimes against humanity*” charges against the Drug Trust, saying that the accused have deliberately caused the unnecessary suffering and premature death of hundreds of millions of people.

### HR4432 is The Dark Act

*“To deny people their human rights is to challenge their very humanity.”--Nelson Mandela*

GMO labeling is the top priority human rights issue of Century 21. But **HR4432 “Safe and Accurate Food Labeling Act of 2014”** Denies America the **R**ight to **K**now. The nerve! HR4432 is a straw argument because 64 other nations already require GMO food made in the USA to *have* to use the words “*Genetically Modified*” or “*Produced by Genetic Engineering*”. But lack of GMO labeling has pressured the American People to buy GMOs for too long. It is a sin of omission.

### Massive Collateral Damage

Insecticides plus cloning creates massive collateral damage all across the entire spectrum of disease. Yet Industry has put GMOs on the market without having to tell USA citizens. That's overt snubbing of voters who ultimately are the ones that elected officials have to please. HR4432 is against HR 699 and S809, the “*Genetically Engineered Food Right-to-Know Act*”. It is high time for CONGRESS to err on the side of public disclosure because the words, “*Impeachment*” and “*Recall*” are in the air.

GMO genes self-propagate in species, and the danger of GMO self-propagation in the gene pool can outlast the effects of both global warming and nuclear waste decay. The GMO cross-pollination is irreversible bio-intrusion, the deployment of which has created unprecedented risks to your great, great grandchildren. JAPAN's nuclear accident radiation contamination is dwarfed by the longevity of genetic pollution contamination by GMO genes. Future generations would want to know what *you* did to stop the experiment of feeding the entire population GMO food. The GMO genes can never be recalled, yet your government has allowed GMOs to be released into the environment and into the human species. *If you are reading this then you are here in this time called Now, to warn against dangerous genetic experimentation.*

### September 21 is Peace Day

Have you seen the documentary *The Day After Peace*, by Jeremy Gilley. It is the story about how September 21 was declared by the UNITED NATIONS (UN) as an annual day of global peace and unity.

The PEACE ONE DAY project is a global initiative that encourages an annual day of looking forward to when every Man, Woman, and Child will no more learn war. If your family and friends haven't yet seen the *The Day After Peace* documentary, by *Jeremy Gilley*, please find a way. This is the film about how September 21 was declared by the UNITED NATIONS (UN) as one day of GLOBAL PEACE AND UNITY every year to picture humanity realizing we are all in this together.

The PEACE ONE DAY project is a global initiative that encourages an annual day of GLOBAL TRUCE around the world. If you want to help create a nuclear-free world it starts with one day of cease-fire, non-violence, and none domestic violence for an entire day every year, worldwide. Be a part of PEACE DAY by getting involved to celebrate peace in your local community by organizing a community event.

Start by contacting [www.peaceoneday.org](http://www.peaceoneday.org) and encourage local school teachers to download the free educational resources at the [www.peaceoneday.org](http://www.peaceoneday.org) website. Teachers may use the downloaded resources to start a teenagers' after school "Dreamers" book group. All youths have the human right to grow up without fearing for their safety. Your peace book club could Skype fellow teenagers around the world to pledge their signatures in support for the *Universal Declaration of Human Rights*.
